

# Coco

## PRODUCT FAMILY

Design Vertti Kivi

The eye-catching design of Coco is suitable for all public spaces. The modular Coco product family allows you to form stunning entities by combining different parts. The high back also provides shelter for momentary work or concentration at the office and in schools.

### Materials and finishing

Upholstery

ISKU Standard fabric collection.

Plinth

Plywood covered with stainless steel imaged laminate. The plinth has adjustable levelers.

### Dimensions

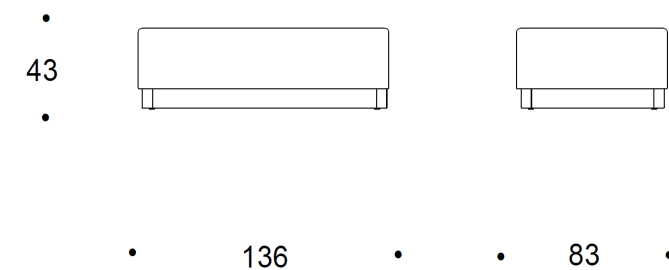

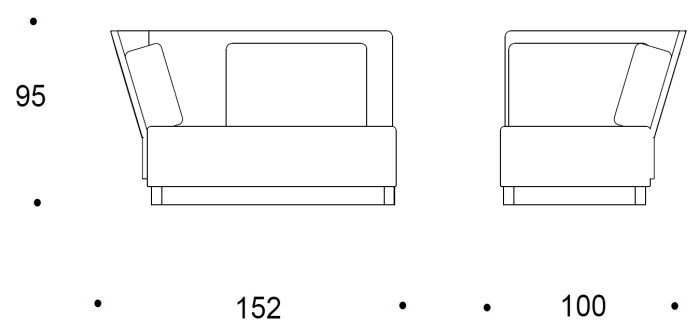

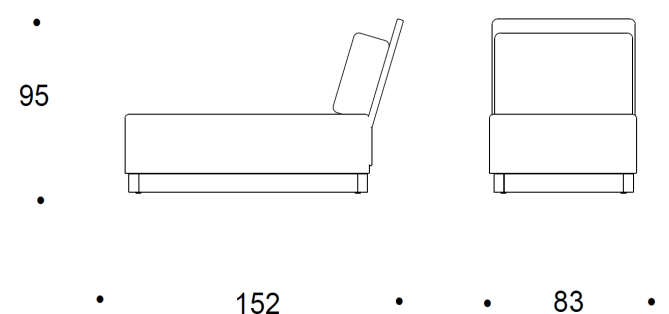

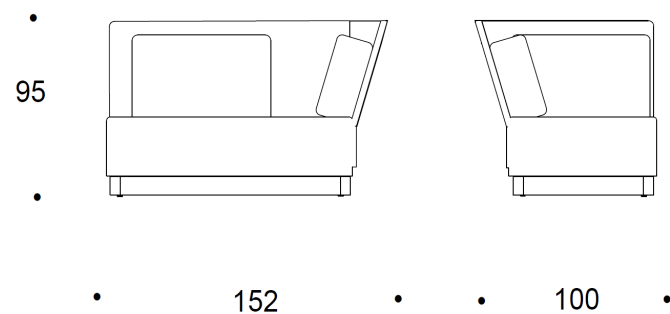

Dimensions are presented on the ISKU Coco Datasheet.
