

Hangaround

SEATING GROUP

Design Kaisa Jäntti

Hangaround – it is a playful swing designed to bring joy and variety to spaces where people gather together.

Hangaround provides its users with a fun and ergonomic alternative to the traditional, static sitting position. The gentle rocking motion activates both body and mind. Hangaround is a great place to have meetings or brainstorming sessions with colleagues, or just gather together for a break to chill out.

Materials and finishing

| | |
|------------|--|
| Frame | Powder coated steel (white or black) |
| Upholstery | Fabric Cura (colors 63012, 68186, 61168, 60110, 62083) Leather Silk (colors 0258, 0842, 0250) |
| Floor | Birch plywood with a friction coating (black UPM TopGrip) |
