# ISKU

Product name:	Mode Akusto (140x70)
Product type:	Divider
Item number:	210287
Total emissions (Cradle-to-Gate):	62.4 kg CO <sub>2</sub> e
Total emissions (Cradle-to-Grave):	88.9 kg CO <sub>2</sub> e

### Distribution of emissions

Total emissions 88.9 kg CO<sub>2</sub>e

Fabric used in the calculation: **Event Screen** (100% polyester) **2.38 kg CO<sub>2</sub>e**

Alternative fabrics:

**Soul** (100% wool) **15.89 kg CO<sub>2</sub>e**

### Recycling Instructions

ISKU has designed the product so that the metal parts of the product can be easily removed and recycled in metal collection. Packaging materials (cardboard and plastic) are recycled in cardboard and plastic collection. The rest of the product is assumed to go into mixed waste.

The calculation has been carried out according to ISO 14067 by Green Carbon.
