ISKU

Product name:	Chair 53 (seat upholstered with leather)
Product type:	Chair
Item number:	258274
Total emissions (Cradle-to-Gate):	26.3 kg CO ₂ e
Total emissions (Cradle-to-Grave):	33.6 kg CO ₂ e

Distribution of emissions

Total emissions 33.6 kg CO₂e

Recycling Instructions

ISKU has designed the product so that the metal parts of the product can be easily removed and recycled in metal collection. Packaging materials (cardboard and plastic) are recycled in cardboard and plastic collection. The rest of the product is assumed to go into mixed waste.

The calculation has been carried out according to ISO 14067 by Green Carbon.
