

MyFlow BOX

BENCH / STORING UNIT

Design Vertti Kivi

MyFlow Box is a versatile and handy cabinet that can be used in any space. Extra items can be easily stored under the openable lid safely, as the product is equipped with an electric lock. The MyFlow Box also acts as a bench and additional seat for the space, as the opening lid is padded and upholstered. It is easy to move, as it is equipped with castors by default.
