

MyFlow Meeting Table

CONFERENCE AND MEETING TABLE

Design Vertti Kivi

MyFlow Meeting Table is an eye-catching high-quality meeting and conference table. The secret of the table lays in its elegant leg design and material choices. The rounded corners of the top with an option for bevelled lower edge give the table a soft and light look.

The table can be equipped with Axessline QuickBox power strip.

Materials and finishing

Legs	Powder-coated steel (white, black, chrome) or wood combined with painted metal.
Table top	ISKU HPL laminate (white, black, light grey, dark grey, oak, birch) or ISKU technical veneer (birch LN). Available with straight and beveled lower edge.

Dimensions

Height 730 mm

More details of tables and table top dimensions on the MyFlow Meeting Table datasheet.
