

Iris – Chair Family

**Adoptable seating Collection
where versatility meets quality.**

Meet the Iris seating series – a versatile blend of elegance and functionality, designed to seamlessly enhance various spaces. More than just chairs, Iris is an inspiring addition to modern working and educational settings.

The Iris chair family excels in adaptability, effortlessly fitting into collaborative spaces with the need of dynamics and mobility. Its ergonomic backrest ensures optimum comfort for extended use, while its innovative design allows easy hanging from a table's edge and smooth lifting through a backrest opening.

But Iris is not just about style and versatility; it's a commitment to quality and durability. Crafted with careful attention, these chairs are built to endure daily rigors, making them a long-lasting investment.

Iris

4-LEG CHAIR

Design Petteri Häkkinen

Purposefully designed for comfort and practicality, the Iris Chair boasts an ergonomic backrest that encourages an ideal sitting position, ensuring a supportive experience for extended use. What sets this chair apart is its innovative feature – the ability to be easily hung from a table's edge. The chair, with an optional backrest opening, can be easily lifted.

The 4-leg Iris Chair is stackable for convenient storage when not in use.

Materials and finishing

Legs Powder-coated steel in ISKU standard colours / chrome.

Chair shell Plastic (red, petrol, grey and green) or bent plywood veneered with ISKU standard laminate or veneer.

Seat upholstery Available with ISKU standard fabrics for wooden shells.

CHAIR WITH C-LEGS

Design Petteri Häkkinen

Purposefully designed for comfort and practicality, the Iris Chair boasts an ergonomic backrest that encourages an ideal sitting position, ensuring a supportive experience for extended use. What sets this chair apart is its innovative feature – the ability to be easily hung from a table's edge. The chair, with an optional backrest opening, can be easily lifted.

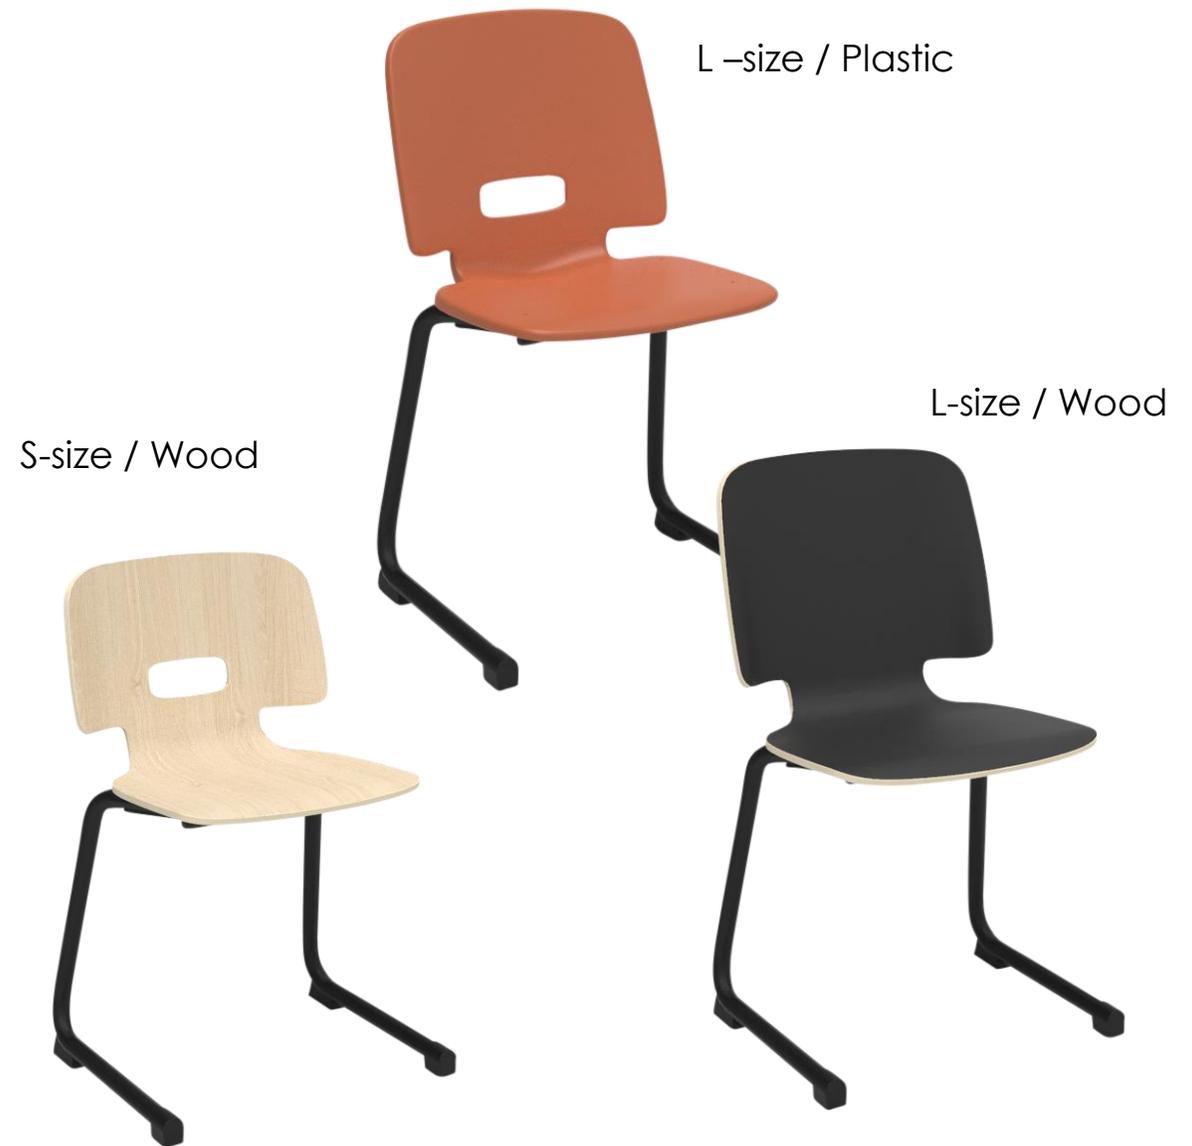

The C-leg allows the chair to be hung from the frame onto the tabletop.

Materials and finishing

- Legs Powder-coated steel in ISKU standard colours.
- Chair shell Plastic (red, blue, grey and green) or bent plywood veneered with ISKU standard laminate or veneer
- Seat upholstery Available with ISKU standard fabrics for wooden shells.

4-LEG CHAIR, HIGHTENED (500 mm) WITH FOOTREST

Design Petteri Häkkinen

The heightened 4-leg chair with a footrest is designed with smaller students in mind. Thus, it's a perfect choice for primary classes and KGs.

Purposefully designed for comfort and practicality, the Iris Chair boasts an ergonomic backrest that encourages an ideal sitting position, ensuring a supportive experience for extended use. What sets this chair apart is its innovative feature – the ability to be easily hung from a table's edge. The chair, with an optional backrest opening, can be easily lifted.

Materials and finishing

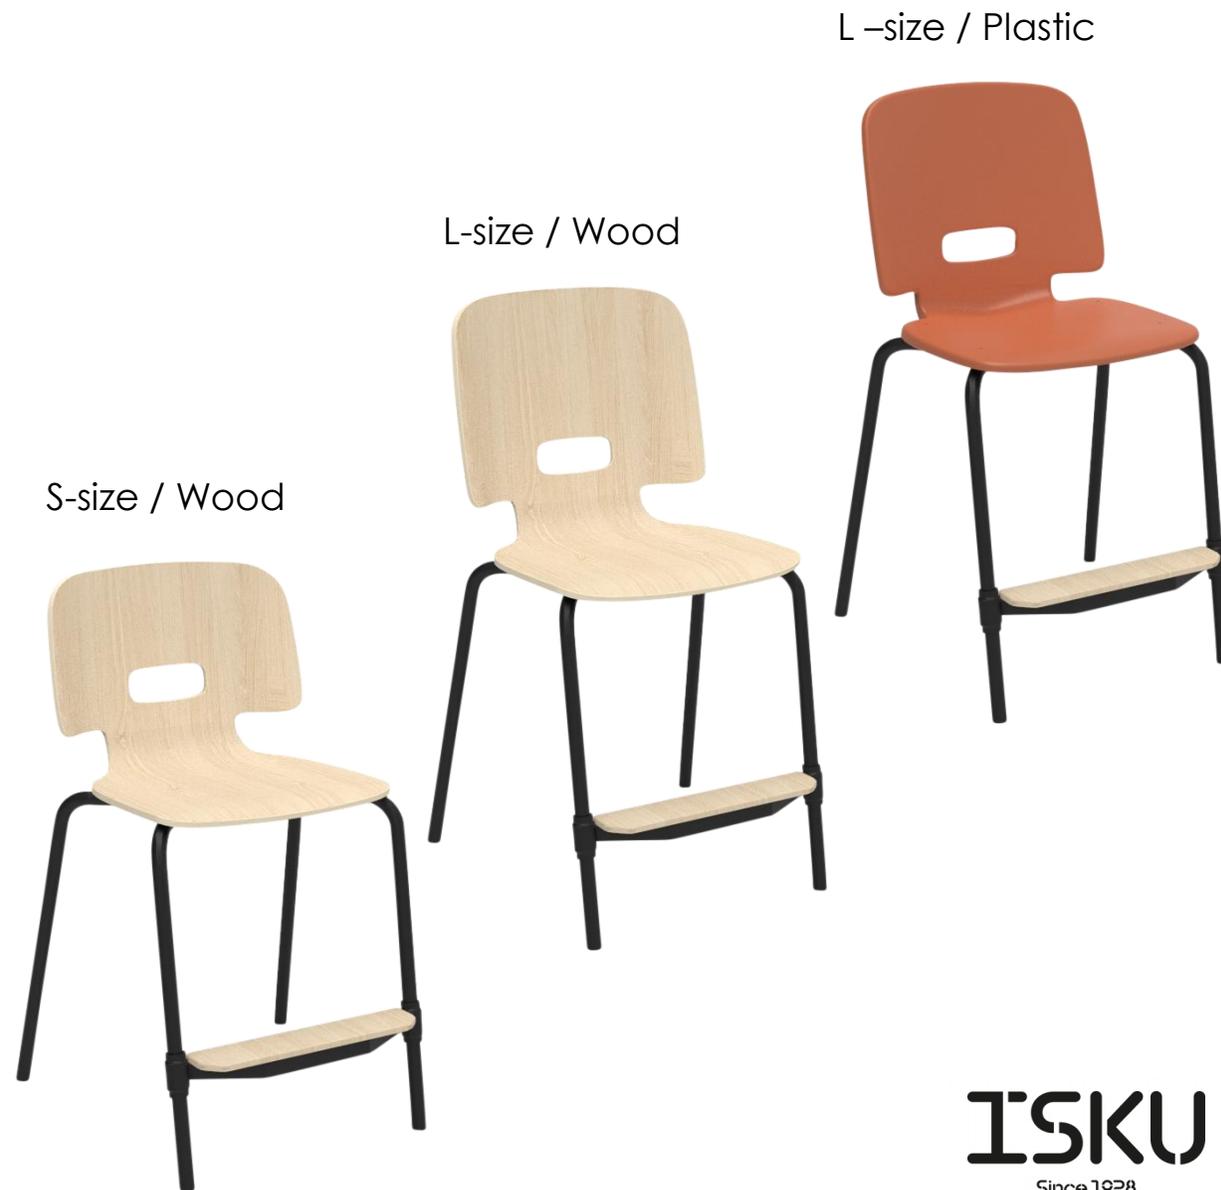

Legs Powder-coated steel in ISKU standard colours / chrome.
Wooden footrest.

Chair shell Plastic (red, petrol, grey and green) or bent plywood veneered with ISKU standard laminate or veneer.

Seat upholstery Available with ISKU standard fabrics for wooden shells.
