Feel the Flow.
MyFlow®

Pure materials.
High quality.
Finnish design.
For responsible future.

SENSE OF LUXURY.

MyFlow includes the ideal solutions for working, business networking and social seating. With its carefully considered details, MyFlow brings an element of luxury into any space.

FLOW FOR GETTING TOGETHER.

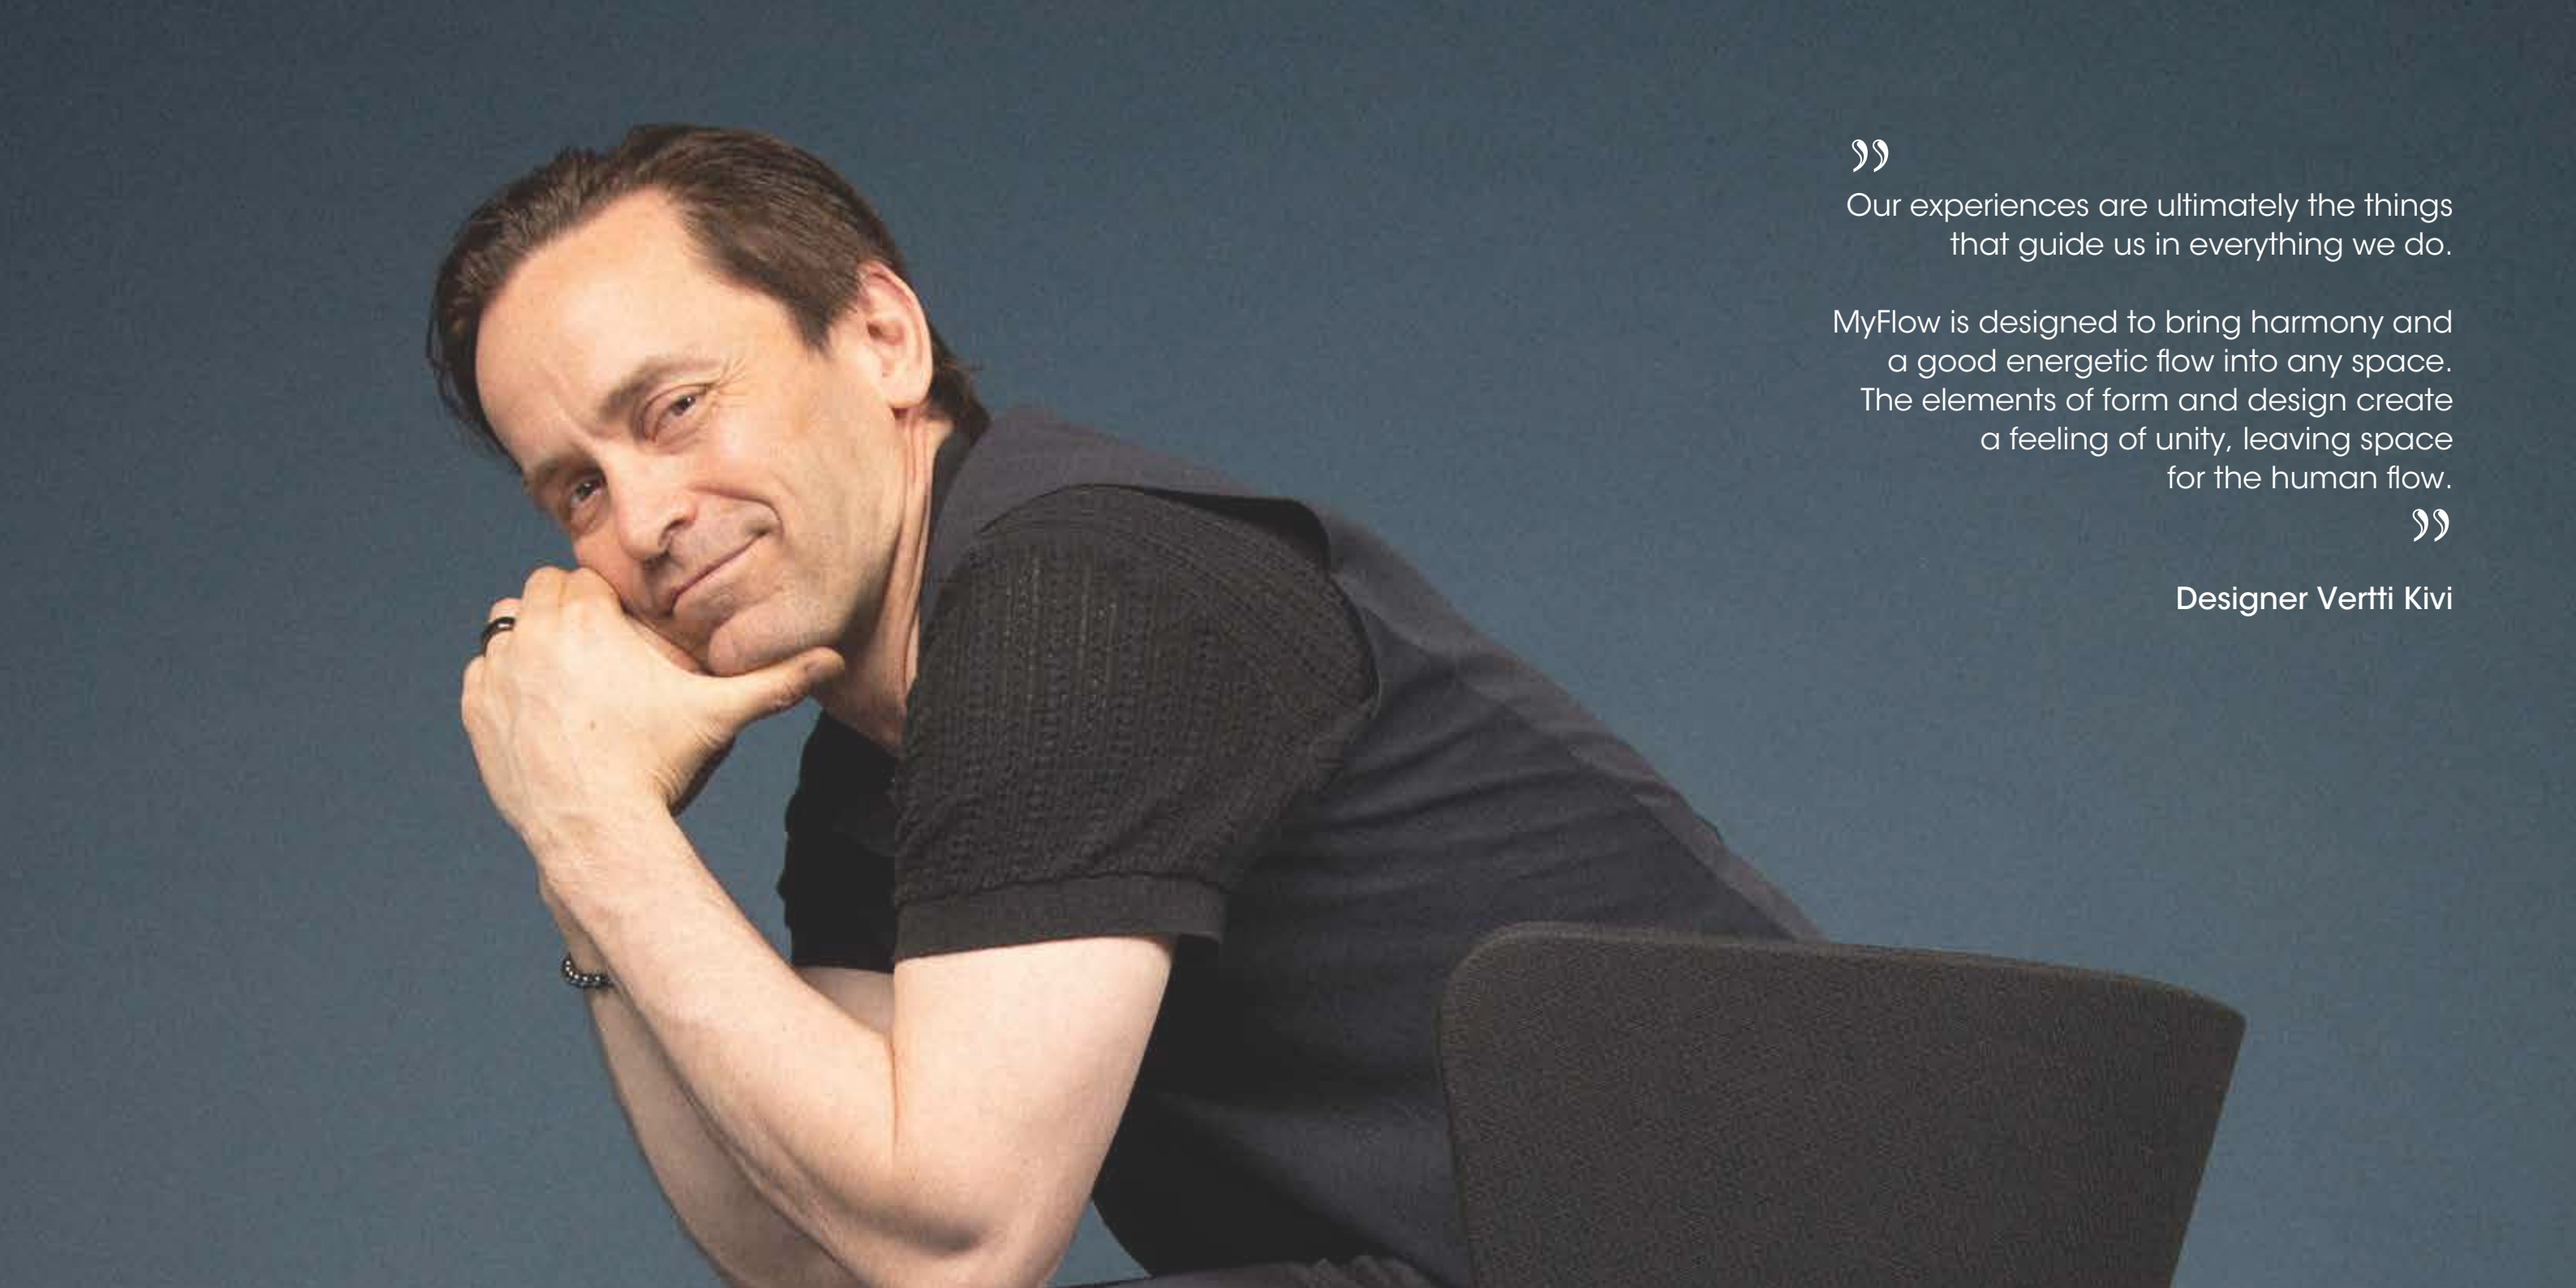
The wide variety of colour, design and material options enable you to create harmonized and unified spaces for building connections, teamwork and sharing ideas.

FLOW FOR WORKING.

MyFlow brings sophisticated unity and the latest technology into offices, individual workspaces, and co-working spaces. It is designed to solve the interior design challenges of today's modern multifunctional shared spaces.

INSPIRED BY NATURE.

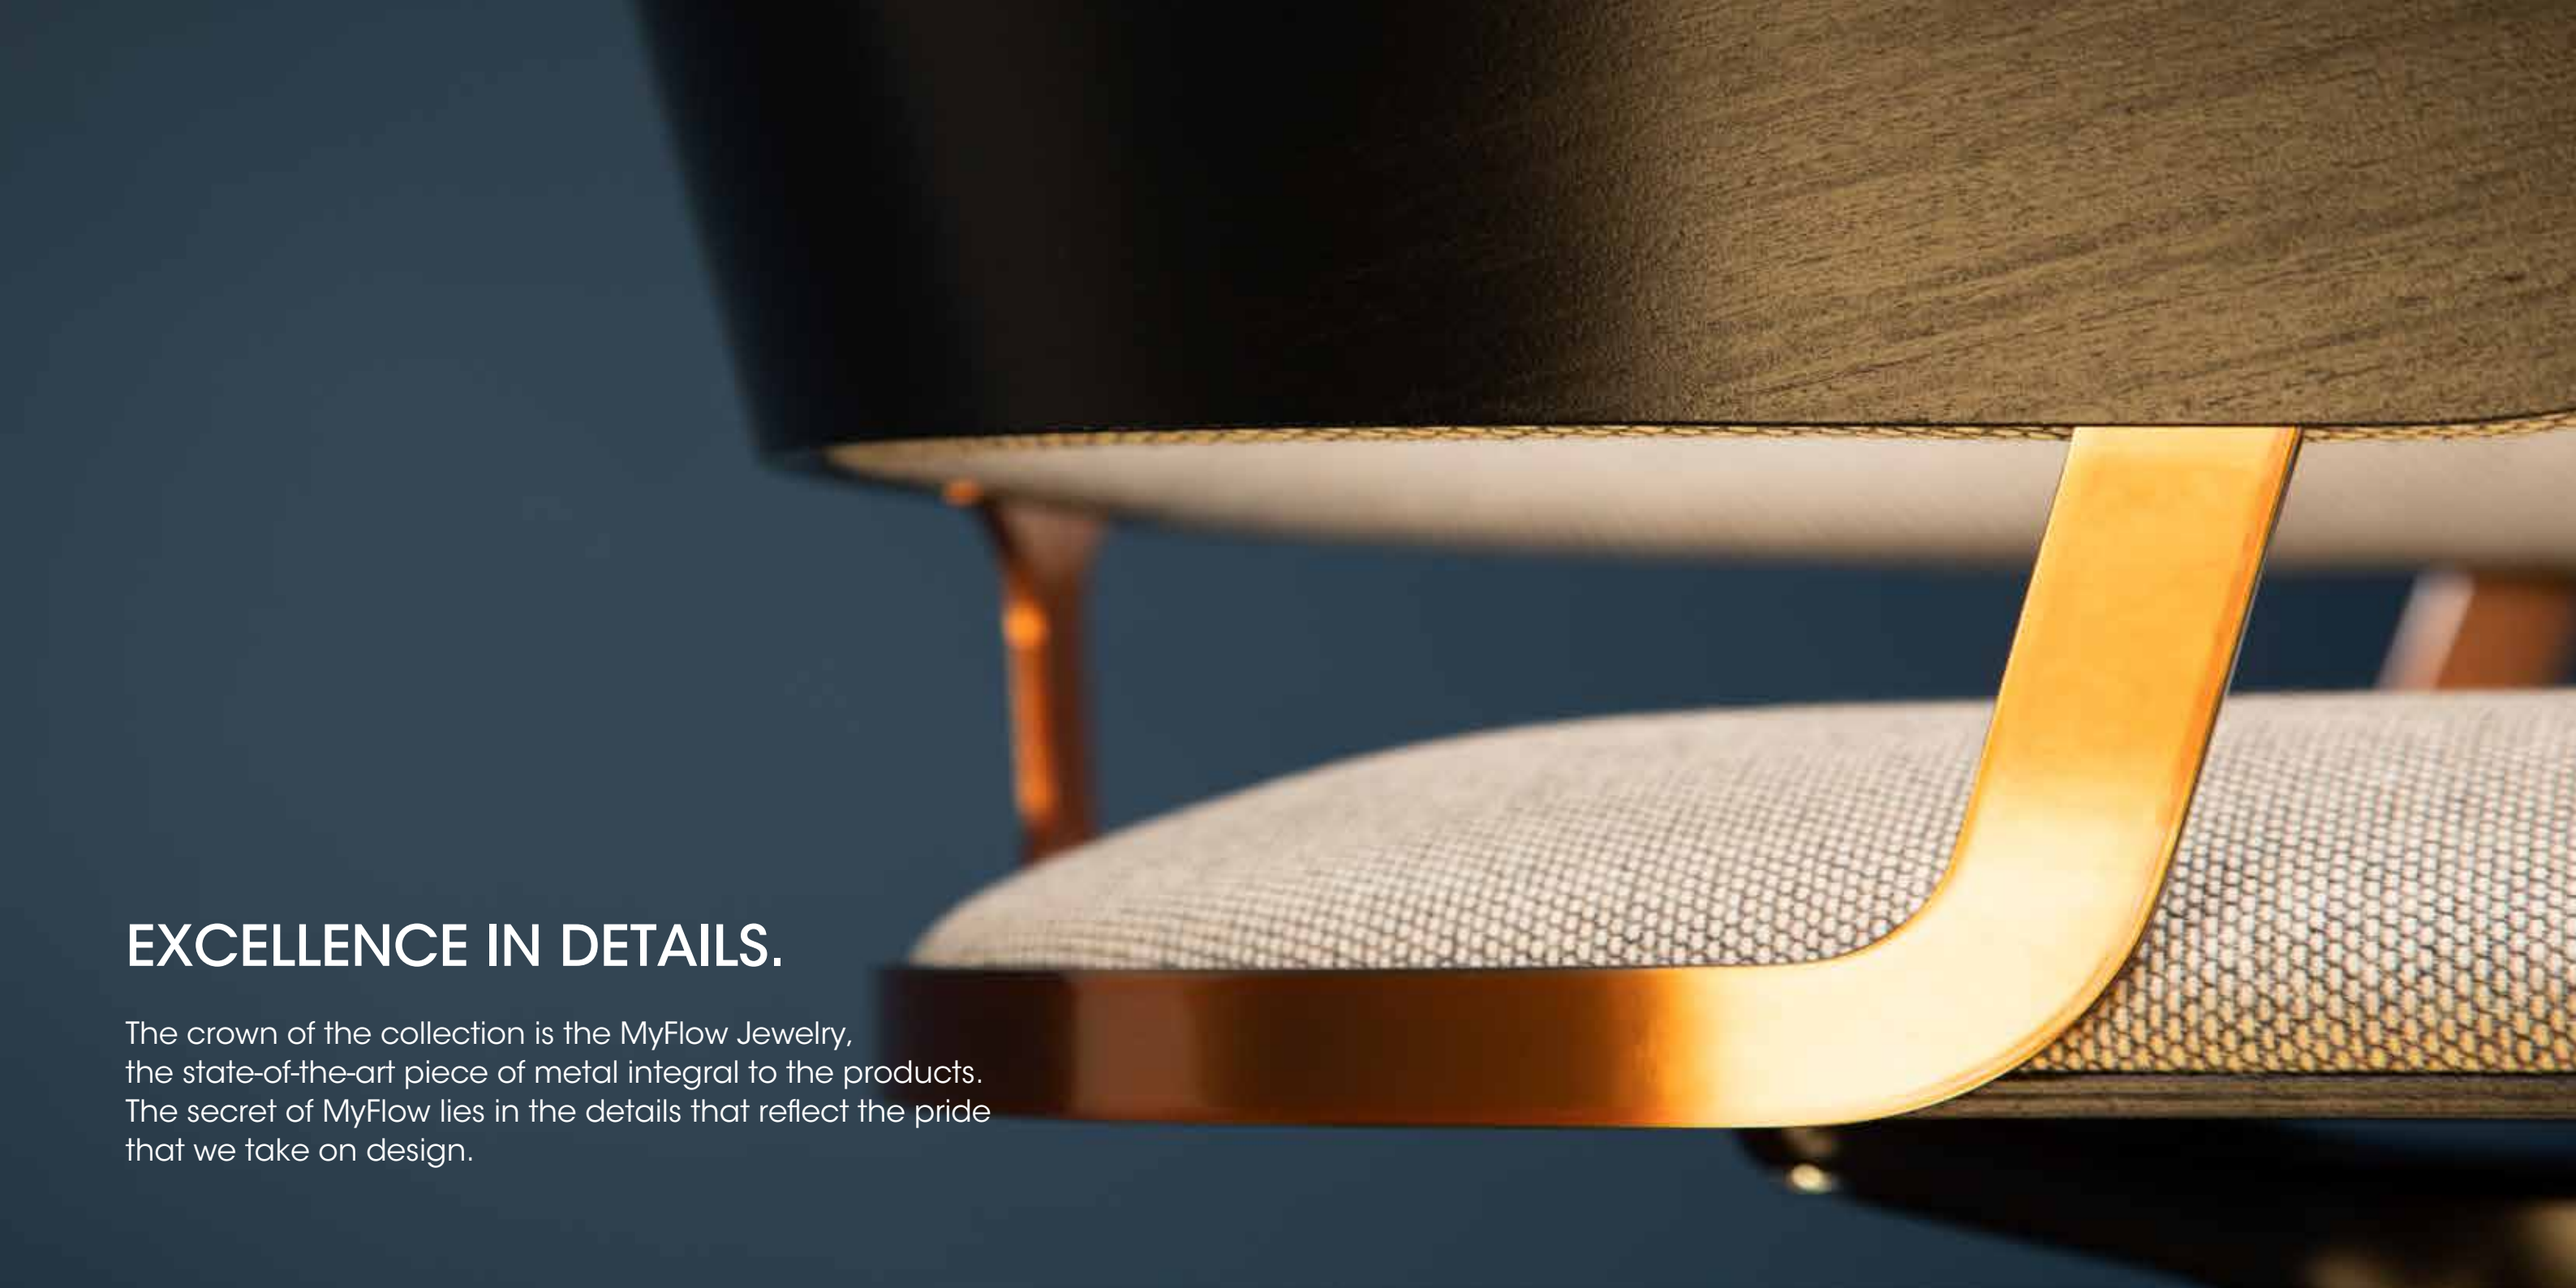
Inspiration for MyFlow was found in Finnish nature, specifically the round cliffs by the archipelago. The foundation of the design lies in utilizing that round form throughout the furniture family.



”
Our experiences are ultimately the things
that guide us in everything we do.

MyFlow is designed to bring harmony and
a good energetic flow into any space.
The elements of form and design create
a feeling of unity, leaving space
for the human flow.
”

Designer Vertti Kivi



EXCELLENCE IN DETAILS.

The crown of the collection is the MyFlow Jewelry,
the state-of-the-art piece of metal integral to the products.
The secret of MyFlow lies in the details that reflect the pride
that we take on design.

SAFETY WITH MATERIALS.

The entire MyFlow product family is available with antimicrobial materials that cut the infection chains.

Antimicrobial contact surfaces help creating safe spaces to work, study and thrive.
